

02/05/11

Hi Jeanne and Rob,

Dylan is doing great. He's an excellent fetcher and when we stop playing and forget to throw the toy for him, he complains quite loudly. Of our 3 old kittys that we had when we got Dylan, we are down to 1. We lost Fred (14 year old) to cancer in January and last week we lost Rudy (16year old) to a urinary blockage. We caught it in time but they just couldn't keep him unblocked and he would not have survived surgery. We had him hospitalized for almost a week and as soon as they would pull the catheter, he would block again. So now it's just Dylan and Mysty our 13 year old and she gets along with Dylan really well but she's not as playful as he would like. So we were thinking of getting another kitten and wondered what you had available and if you had any kind of discount for buying the second kitten?

We were kind of interested in a brown this time. Looking forward to hearing from you.  
Sharon and Marty
