

WE LOVE HER!!

She is helping Larissa tremendously - they are really bonding. Kajsa is sweet, playful, cuddly and just everything Larissa hoped for. Not to mention she is so beautiful -

I have to say everyone that meets her wants to know where we got her. I don't know how serious they are, but she is getting a lot of attention from friends and family. I have spoken very highly of the entire experience of purchasing from you and would refer anyone to your business - You never know....you may hear from someone else from Thomaston at some point in time....

Thanks again - and you never know, we may need another down the roadNancy
