Hello Jeanne,

I just wanted to touch bases with you and let you know that Camus is doing great and growing like crazy.

We had him neutered about a month ago and he recovered really well. He is about 6 pounds now. Our dog and him became buddies, even though Camus is the one who runs the house and bosses the dog around. He is very affectionate and when we come back home leaving him alone for couple hours, he wants to be held and carried around the house. He has always been a vocal, but he is getting louder and more intense. The only thing that we are struggling with is sometimes he steps in his poop. He tries to cover it so well that he ends up dancing on top of it. We have a big little box and good fast clumping sand so hopefully as he grows up he'll figure it out. At least he likes water so cleaning him up is not too much of a fight.

I would like to also ask you where can I find the harness. He wants to go out and we like the idea taking him out to explore the yard. You showed us one when we picked him up, but I can't find it on line. Can you send me the webpage?

We are very happy to have him in our lives. Here are few pictures of him.  
Have a wonderful week.

Sincerely  
Martina
