Here is a pict of Freya sacked out in the back room. I never was a cat person but the wonderful personality of her has won me over. She is a doll (and a Devil). She is best friends with Duncan (My Scottish Deerhound) and hates to have him out of her sight. She can be a hand full, one day she got up into a cupboard and was pushing my spices out into the sink. lol...She has been a great friend ...TY

P.S.

Roselyn's Cat Kabuki has turned out to be a beautiful cat.. He is stunning.
