

Hi, Thank you for the Christmas greeting. I showed all my guests the picture of that beautiful cat. As I write this our little Sable is purring inside my bathrobe. She likes to cuddle inside my clothes. We have never had a cat who purrs so much, she is the sweetest girl. When I look at the picture of Sadie, I can see how much Sable resembles her Mom. We love her. I wish you and all your family (human and animal alike) a very happy, healthy new year.
