

I just want to say thank you to Jeanne and Rob for the wonderful experience that I had at Maplewood, not only was our little baby Romeo, the prettiest little Bengal we have ever seen. But Jeanne you have been very patient, and very accommodating to my needs and constant phone calls.

I enjoyed my experience so much that I recommended one of my friends to Maplewood, she instantly fell in love with the kittens and purchased one.

The personal attention and love that both Jeanne and Rob gave to these kittens, is why the temperament of the kittens is so amazing. Our little boy Romeo not only is a cuddle bug, but he fetches constantly like a dog. Good luck with the new website and everything!

Sincerely,

LingJade & Bryan
